— I AM —

I sit in the castles of business and at the hearthstones
of many homes, mighty in my power to serve.

Through me is the power to make people talk with intel-
ligence concerning their communities.

With extended hand I guide the wearied traveler, and
to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side
is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make
glad the missing heirs.

Through me are protected the law-abiding by tracing the
criminal to his hiding place.

Through me, in the friendliest way, new trade channels
are opened.

I am the key that unlocks the gate to what your com-
munity is, for all who would pass its portals.

ADVERTISERS WHO KNOW

That which makes any advertiser's approval worth while is the prominence he has attained in his particular line of work.

The *advertisers in the Directory* are competent judges on the subject of advertising mediums — the fact that they approve of *Directory advertising* is evidenced by their continued patronage.

— I AM —

I sit in the castles of business and at the hearthstones
of many homes, mighty in my power to serve.

Through me is the power to make people talk with intel-
ligence concerning their communities.

With extended hand I guide the wearied traveler, and
to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side
is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make
glad the missing heirs.

Through me are protected the law-abiding by tracing the
criminal to his hiding place.

Through me, in the friendliest way, new trade channels
are opened.

I am the key that unlocks the gate to what your com-
munity is, for all who would pass its portals.

I Am Your City Directory

THE SHORTEST DISTANCE BETWEEN
TWO POINTS IS
● ————— ●
A STRAIGHT LINE

Your City Directory is the Straight Line
medium to bring Your Merchandise and
Your Services direct to the buyer.

. . .

There is no running around in circles be-
fore finding the commodity or service the
buyer wants to purchase.

. . .

The Buyers Guide and the detailed listings
in your City Directory form the STRAIGHT
LINE to your needs.

LIKE TO "STRIKE OIL"?

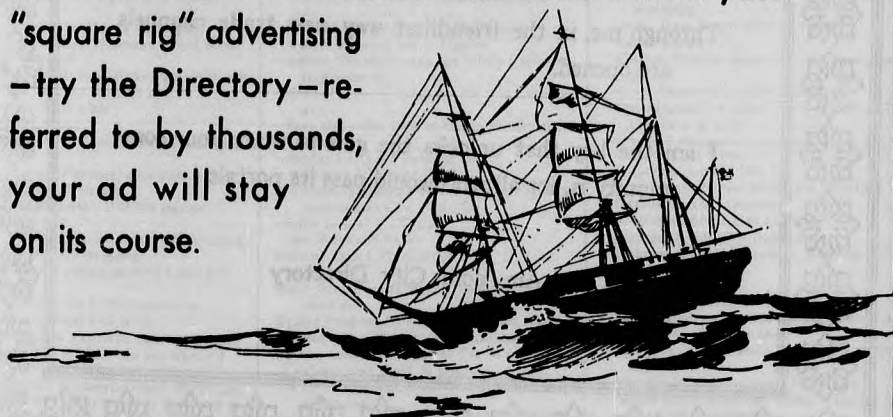

In the good old gusher days, three strikes didn't mean "out" — it meant success.

You can "strike oil" without leaving your desk — use the directory for better advertising coverage — and make a strike.

THE OLD "SQUARE RIG" DAY'S ARE GONE!

The old square rig days meant proper trimming of sails and the correct tack — otherwise disaster. Get rid of your "square rig" advertising — try the Directory — referred to by thousands, your ad will stay on its course.

— I AM —

I sit in the castles of business and at the hearthstones
of many homes, mighty in my power to serve.

Through me is the power to make people talk with intel-
ligence concerning their communities.

With extended hand I guide the wearied traveler, and
to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side
is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make
glad the missing heirs.

Through me are protected the law-abiding by tracing the
criminal to his hiding place.

Through me, in the friendliest way, new trade channels
are opened.

I am the key that unlocks the gate to what your com-
munity is, for all who would pass its portals.

ZIP CODE INFORMATION

ZIP Code is a five-digit code which identifies a delivery unit and associates that unit with a major post office through which mail is routed for delivery.

The first digit identifies one of ten large areas of the nation. The first three digits identify a major city or major distribution point. The five digits identify an individual post office, a zone of a city, or other delivery unit.

This directory has been published to assist you in determining the ZIP Code applicable to various streets in one city. The addition of the ZIP Code to the address on mail will expedite the distribution and forwarding of your mail to the point of delivery.

Contact your local postmaster for instructions concerning the adding of ZIP Code numbers to your mailing list without charge.

In this directory, the three digits appearing at the top of each column should precede the two digits listed opposite the street entries. Where no house numbers are shown, the entire street is within the area of the ZIP Code indicated.

When the word "Out" appears after a number, it signifies that particular house number and any higher number on that particular street is within the ZIP Code area indicated. For example:

Washington Ave	ZIP Code
1100 - Out	401 03

indicates all house numbers on Washington Avenue from 1100 upward apply to ZIP Code 40103.

Mail formerly addressed using a Postal Zone number should now use a ZIP Code. For example:

Mr. John Doe
2103 Washington Avenue
Louisville 3, Ky.

Should be addressed:

Mr. John Doe
2103 Washington Avenue
Louisville, Ky. 40103

Your cooperation in using the ZIP Code is appreciated. For further information, call your postmaster.
